It all came together in Saratoga

One person's introduction to the charms of Saratoga

It was a Friday at the end of July, still warm and light at 7 pm when we exited I-87 north. My brother and I, together with our wives, had decided to spend a weekend in Saratoga. It came together after a few cocktails on our deck a couple of weeks ago, when our wives began reminiscing about their Skidmore undergraduate days. The stories were all about fun and more fun.

Then last week, my company chose Saratoga for their annual symposium and placed me in charge of arranging the extra-curricular activities. Thus, our trip became advance scouting.

July is a great time to visit Saratoga. The town is alive with vacationers from around the world. But it's not as crazy crowded as when the Saratoga Track meet is in full swing. Saratoga is known as "the August place to be," and apparently, most of the world agrees. The July vibe is more relaxed, yet sophisticated and arty with a Victorian small-town feel.

"My trip to Saratoga was like hitting the trifecta... a great weekend, recon for my company's symposium and – as it turned out – the answer for our daughter's upcoming wedding."

We'd chosen to stay at the Saratoga Hilton: at middle age, we appreciated a certain level of comfort and amenities. Younger and more romantic visitors would have opted for the eclectic Batcheller Mansion, and those more accustomed to a posh setting might have stayed at the historic Gideon Putnam, located in the heart of the Saratoga Spa State Park. That said, The Saratoga Hilton was perfect for our needs.

Saratoga offers exceptional meeting, convention, event and wedding venues. Groups – from ten to tens of thousands – will be able to find the perfect setting. From elegant to eclectic, Saratoga can be your perfect destination.

One of the best things about holding your event in Saratoga is Saratoga itself, a world-class blend of cultural, dining, shopping, lodging, and entertainment options set within an easy-to-walk, Victorian and picturesque downtown. For those who prefer the great outdoors, the Adirondack Mountains, the Green Mountains, the Hudson Valley and the Champlain Valley all are within a short drive of Saratoga.

Perhaps the greatest reason for holding your event in Saratoga is that the Saratoga businesses will do whatever it takes to make your gathering successful and fun.

For more information, call us at 518-584-1531, or visit our website at discoversaratoga.org.

Located at the north end of Saratoga's lively Broadway, our hotel put all of the downtown dining and entertainment options within walking distance. For dinner, we chose Max London's, a cool, sophisticated joint a couple of blocks away. Another option was to go across the street to Forno Bistrot for wood fire pizza or rustic Tuscan specialties. A little farther away was One Caroline, a jazz bistro with Cajun overtones. We could have

also gone to Sperry's, a Saratoga tradition since 1932. The menu is filled with classic dishes updated with modern creative touches. Even though their gâteau Marjolaine is acclaimed as one of the best desserts anywhere. For our dessert, we decided to take a small stroll over to Eugenio's Café Gelato and indulge in their authentic housemade gelato from family recipes.

We finished the evening with nightcaps at the hotel bar and opted for a relatively early bedtime. It wasn't because we were too old to enjoy Saratoga's varied nightlife, but because my brother and I had a 6 a.m. tee time at the acclaimed Saratoga National Golf Club. We could have chosen to play at the Saratoga Spa State Park Golf Course, ranked in 2012 as one of Golf Digest's Top Ten Places To Play Under \$55, but we wanted to enjoy amenities usually only available at exclusive private clubs. And that's what Saratoga National is all about.

Our wives may have had the better day. Saratoga National was more challenging

than we were prepared for – a 147 slope rating from the tips. Our wives slept in and then headed out to the Gideon Putnam Resort for breakfast on the patio. Afterwards, they luxuriated with the full treatment at the Roosevelt Baths & Spa, one of Saratoga's historic minerals springs spas. They could have gone to any of the other Spa City spas but the natural mineral springs and eco-friendly focus of the Roosevelt Baths & Spas won them over.

After rejuvenating themselves, our wives ate a light lunch on Maestro's patio overlooking downtown Broadway.

Then they leisurely strolled back to the hotel. On the way, they stopped to peruse many of Broadway's varied boutiques and shops. My brother and I enjoyed the challenging golf course. However, our wayward shots took a toll on our psyche. We had to console ourselves with drinks on the veranda of Prime, the clubhouse restaurant.

For dinner, we opted to go to Hattie's. The historic southern-style restaurant bested Bobby Flay in a fried chicken challenge on Food TV. Other options were the romantic Mouzon House, specializing in locally sourced ingredients, or Capriccio Saratoga, an elegant authentic Neapolitan trattoria. After dinner, entertainment was jazz and martinis at 9 Maple. We had planned to go to Saratoga City Tavern for a beer or two from what is probably the largest draft beer selection in the country. We also thought we would visit Druther's, owned by an acclaimed award-winning brewmaster, but it was too easy to just sit back, sip our drinks and listen to the

trio playing jazz standards until it was time for us to retire.

The track was the focus of our Sunday. We could have gone to the track for their famous sunrise breakfast but our late night dictated sleeping in. Our relaxed morning began with a visit to Uncommon Grounds for lattes, estate-grown coffees, bagels and scones. Then it was off to the track, one of Sports Illustrated's Top Ten Sporting Venues, for post time.

We didn't stay until the last race. We had a 3-hour drive back downstate and our betting account was around break-even. It was a good time to leave. Besides, I'll be back in the fall for the symposium.

CIRCA 1934

Let's meet in Saratoga

"It didn't take long to see why our conference leaders had chosen Saratoga."

150 years. Since the 1830s, Saratoga has hosted political parties, temperance groups, women's rights groups, religious groups, professional organizations and veterans' groups. The city's large hotels and resorts enabled these large events.

The large meeting room atop of what is now City Hall was the site of many of those early meetings, but conventions grew so rapidly that Saratoga built a dedicated Convention Hall. The zenith was probably the "encampment" of 40,000 Civil War veterans in 1907. Over time, however, the grand hotels and resorts aged dramatically and eventually were demolished. Unable to accommodate conventioners, the number of conventions in Saratoga declined rapidly. By 1960, there were only nine conventions in the city. The end of the early convention era was marked by the 1965 fire that destroyed the Convention Hall.

In 1984, the opening of the City Center marked the new era of conventions and events in Saratoga. Its size at the time – 20,000 square feet – enabled a variety of configurations and concurrent gatherings. The City Center became so successful that an expansion began in 2009, to enlarge the facility by 65% to 32,000 square feet and to enhance its architectural features. It is now home to numerous tech conferences, business trade shows, outdoor sports expos, even the region's largest craft beer tasting.

At the Saratoga History Museum, located in the Canfield Casino and beautiful Congress Park, I learned that Saratoga has been a convention destination for well over

Events at the City Center now bring in over 100,000 visitors per year and many new hotels have sprung up to meet the demand for rooms. The Saratoga Hilton, adjacent to the City Center, Hampton Inn & Suites Downtown Saratoga, Courtyard Marriot, and Residence Inn By Marriot were established p to meet the demand. The Hilton Garden Inn, Holiday Inn and Longfellows renovated and expanded, offering both rooms and meeting/event facilities. The historic establishments such as The Inn At Saratoga, Gideon Putnam Resort, Saratoga Arms, The Batcheller Mansion, Adelphi Hotel, among the many, combine the elegance of a bygone era with many modern conveniences. There is also the multitude of B&Bs and smaller motels with a charm of their own.

If just-off-the-highway convenience for an event were important, there are many hotels that would be just the ticket. The Best Western Plus Park Inn is in the south end of Saratoga; Saratoga's immediate neighbors to the south offer the Hyatt Place, Fairfield Inn & Suites by Marriott and Roosevelt Inn & Suites; and just a few miles further south on I-87 are Clifton Park's Best Western, Hampton Inn and Hilton Garden Inn. All of these hotels provide facilities and amenities for events.

Conventions and meetings have been a huge part of Saratoga's history and economy. Saratoga's civic and business groups realize this and will do everything they can to ensure that your group gathering will be a success.

We are the largest event facility, and the core of a unique conference complex formed by the Center and the adjoining 242 room full service hotel. We successfully host state, regional and national conferences and meetings, trade shows, special events and weddings.

A special place for a very special day

In Saratoga, weddings take on a special flair. From elegant to eclectic, Saratoga has a location you'll love. Here are just a few:

Opened in 1935 by the state on the grounds of the New York State Reservation at Saratoga Springs – now known as the Saratoga Spa State Park – the Gideon Putnam Hotel was designed to be elegant without being overly ornate. The hotel was named in honor of one of Saratoga's earliest settlers and the founder of the city's first hotel. Dorothy Tuckerman Draper, interior designer of the Greenbrier Resort, decorated the Colonial Revival/ Neo-Georgian style hotel. Famed artist, James Reynolds, created the Adirondack and Saratoga themed murals in the dining room. The hotel has undergone a series of expansions and renovations, all while maintaining the original charm.

The Hall of Springs, also in the Saratoga Spa State Park, is another acclaimed wedding setting. With its high vaulted ceilings, marble floors and columns, Belgian crystal chandeliers

"Mention Saratoga and the words elegant, classic, picturesque come to mind... just where an ideal wedding should be."

and stone figures cut by Austrian stonecutters, it exudes grand elegance. It began as a hall where patrons could take a leisurely stroll or listen to orchestral music while sipping different mineral waters. When the era of mineral waters as a curative ended, the Hall of Springs became a place of elegant events, weddings and parties.

Another historic and popular venue is the Canfield Casino located in Congress Park. Opened as the Saratoga Horse Club in 1867 by John Morrissey (immortalized in Herbert Ashbury's 1928 book, *"The Gangs of New York"*) the Casino soon became one of the world's most renowned gambling establishments.

Richard Canfield purchased the building and grounds in 1884, turning the casino and the park into an attraction for the end of the century's glamorous and wealthy. The Canfield Casino and the surrounding park, now owned by the city of Saratoga Springs, host some of Saratoga's most elaborate parties, weddings and events.

Not all Saratoga wedding venues are about extravagance and elegance. Among the many picturesque and historic locales that cater to those who want something intimate yet distinguished are the Batcheller Mansion, an 1873 Victorian inn that combines French Renaissance Revival, Italianate and Egyptian influences, and the Inn at Saratoga, the oldest continuous running inn in Saratoga. It has a Victorian ambiance with updated amenities to ensure romantic and carefree weddings. For the ultimate in intimacy and charm, Anne's Washington Inn is hard to beat. Located near the Spa State Park, its 4+ acres offers a sense of privacy and its size offers the comfort of an elegant bed & breakfast.

Even the area's more modern hotels have facilities capable of a once-in-a-lifetime wedding often with a range of amenities better suited for a diverse group.

Quaintness and charm are my daughter's primary criteria for her weddings location. One of the smaller historic hotels would fulfill her wishes. They all exude a classic elegance while retaining a sense of intimacy. She'll love the choices that Saratoga offers.

The great outdoors is simply that in Saratoga. Great.

Different Strokes

Saratoga can get your heart pumping, any time of year.

“To me – although my daughter has rowed in national level regattas on Saratoga Lake – sports and Saratoga always meant the Saratoga Race Course.”

The historic venue was founded in 1863. It was named by Sports Illustrated as one of the world's top ten sporting venues.

With four-legged hall of fame athletes such as Secretariat, Man O' War, Affirmed, Alydar, and Kelso, the track featured some of thoroughbred racing's most epic duels. Having been modernized several times, the track still maintains a bygone era charm.

Horses in Saratoga also mean polo. The earliest written record concerning Saratoga polo was announcement of the establishment of the Saratoga Polo club in 1898. The season begins in July and runs until September. Although bleacher seating is available, the opportunity to picnic on the lawn is very popular. Every

match has the feel of a sophisticated tailgate party.

But sports in Saratoga is much more than polo and horse racing. The area is the host to the annual Tour of the Battenkill, described by the cycling press as America's toughest one-day bike race. It is also the largest pro-am bike race in the country and usually features many of the world's best pro cyclocross racers. The 65 mile race is known as America's Queen of the Classics.

Fishing is one of area's more popular activities. The storied and historic Battenkill River, as well as the upper Hudson River and lower Sacandaga River, are just a short commute from the city. Within the city of Saratoga's borders is Saratoga Lake, one of the State's best bass lakes and site of many bass tournaments. Other fishing and boating opportunities are also available less than 30 minutes away at nearby Lake George and the Sacandaga Reservoir.

The members of the Saratoga Lake Sailing Club would argue that Saratoga Lake is better suited for their sport.

Numerous regattas are held throughout the season on the lake. And if you want to try your hand at sailing, the club runs a sailing school.

The Saratoga Rowing Association runs a different type of regatta. The club holds some of the country's most prestigious rowing events on Fish Creek at the northern end of Saratoga Lake. These include the Head of the Fish, Tail of the Fish and the North American Junior B/C Championships.

If running is your sport, Saratoga Spa State Park has wooded and open sections and is the site for cross country competitions. Various road, trail and track running events, including USTFA events, are held in the area throughout the year.

The area is also host to one of the largest and most prestigious youth soccer tournaments in the Northeast. The annual Clifton Park International Soccer Classic typically hosts over 100 teams. But soccer in the Saratoga area is not only for the young. The Saratoga-Wilton Soccer Club has adult leagues for men and women.

There are five downhill ski areas within one hour's drive of the city. They all have the capability to accommodate USSA and club competitions. Additionally, there are numerous cross country venues suitable for recreation and competition. Snowmobiling, ice sailing and even auto and motorcycle racing on the ice is also available in the area.

Saratoga is capable of hosting virtually any team sports event. There are outdoor and indoor facilities for baseball, softball, basketball, volleyball, lacrosse and flag football events. There are also facilities with regulation size ice rinks for skating and hockey. Local Olympic speedskaters Erin Bemby and Trevor Marsicano, two-time national ice dancing medalist Justin Morrow, and Olympic bronze medalist hockey player Kathleen Kauth are products of these facilities' programs.

Local sports facilities include:

- Gavin Park
- Saratoga Springs Recreational Center
- Saratoga Springs Ice Rinks
- Weibel Avenue Ice Rink
- Saratoga Springs City Center
- Saratoga Spa Golf Course
- Saratoga National Golf Club
- Saratoga Lake Golf Club
- Airway Meadows Golf Club

FUN FOR ALL!

“Keeping the wedding guests entertained would be a piece of cake. Saratoga was America’s original tourist destination and continues at the forefront.”

In the early 1800s, visitors came to Saratoga for the mineral springs’ healing properties. Mineral spring baths, grand hotels and spas were built to accommodate the visitors. Famous visitors included Daniel Webster, Washington Irving, James Fenimore Cooper, Edgar Allen Poe and Nathaniel Hawthorne.

In the mid 1800s, infamous “Gangs of New York” denizen and Tammany Hall strongman, John Morrissey established the Saratoga Club House. The Club House became one of the world’s most renowned gambling houses. After Morrissey’s death, Richard Canfield purchased the building and continued to upgrade the building and surrounding property. The Canfield Casino and the surrounding grounds are now part of Congress Park.

Even though gambling was widespread, extremely popular and conducted openly, it was illegal. Nevertheless, the rich and famous of that time, Diamond Jim Brady, Lillian Russell, the Vanderbilt’s, the Whitney’s, et al, were among the many aficionados of Saratoga gambling.

At the turn of the century, New York State cracked down on casino gambling. Fortuitously, it was also the time when the state decided to purchase land around the mineral springs to form a State Reservation. The land is now part of the Saratoga Spa State Park, which includes the Washington – now the National Dance Museum – Lincoln and Roosevelt mineral baths, the Victoria Pool, the Hall of Springs, the Saratoga Spa Golf Course, the Gideon Putnam Hotel and the Saratoga Performing Arts Center.

The Saratoga Race Course, named by Sports Illustrated as one of the Top Ten Sporting Venues in the World, opened in 1864. It also hosts the Travers Stakes, the oldest stakes race in America. The race is commonly called the “Midsummer Derby”.

While known for history and horses, the Saratoga region has a multitude of other attractions. Parents are thrilled with the many museums, music venues, historical sites, parks, etc. Kids, however, definitely prefer Six Flags Great Escape & Splash Water Kingdom, a full-blown 140 acre amusement park with a hotel that houses an indoor water park. Charles Wood started it as Storytown USA, a theme park based on Mother Goose nursery rhymes, in 1954. This was one year before Walt Disney opened Disneyland.

There are many other unique attractions in the Saratoga Region. The Saratoga & North Creek Railroad provides scenic trips from the city to the Adirondack hamlet of North Creek. There, you can fish the upper Hudson River, go white water rafting on world class rapids, take a

gondola ride to the top of Gore Mountain, go antique shopping, or just have a drink on a deck by the shores of the river.

Beginning and experienced shooters are welcomed at Covey & Nye, the area’s only clay target shooting grounds. They offer instruction replete with fine collectable shotguns. You also can spend a day at nearby 36 mile-long Lake George aboard one of Lake George

Steamboat Company’s paddlewheelers. On the other hand, if you want to channel your inner Diamond Jim Brady, casino gambling is available at the Saratoga Casino and Raceway.

“Next: where to go for dinner. With all the choices Saratoga offers, perhaps I should just set it all in advance...”

Saratoga Living is a quarterly publication showcasing the best of our community: history, culture, arts, dining and entertainment.

CONVENTION & TOURISM BUREAU

Dining in Style.

(Any style you want)

“The options for dining in Saratoga are many and they’re all good. So how to please our guests’ diverse palates?”

I could have opted for an old school diner or a romantic farm-to-table white glove restaurant or a Brooklynesque gastropub or a burgers and beer sports bar. I was glad that eating well in Saratoga does not necessarily mean “expensive.” Still, the many delectable options make it easy to venture to the outer limits of one’s expense account or credit card.

For a homey, inexpensive meal, it is hard to beat Compton’s. It is a real main street diner, not one of those prefab, cookie-cutter creations available on every high-traffic route in this country. But get there early. It is very popular.

Another great value in town is Hattie’s. Stepping through the door onto

the creaky floors is akin to stepping back to a 1930s honkytonk chicken shack. Hattie is now gone. But current chef-owner, Jasper Alexander, remains true to her recipes albeit with his own modern twist. Hattie’s fried chicken bested Bobby Flay’s, another Saratogian, on Food TV’s Throwdown.

Stadium Café is a sports bar with racetrack themed specialties. All of the favorites – burgers, fried pickles, French onion soup, roast beef cheese subs, etc.– are on the menu. If having every available game surrounding you is not part of your dining game plan, just go across the street to Circus Café. It is a casual restaurant serving food that ups the ante from the usual.

If you are looking for something more upscale, or more appropriate for date night, the choices are endless. You could choose the very hip Javier’s Nuevo Latino Cuisine or the European

elegance of Chianti Il Ristorante or the hopelessly romantic Olde Bryan Inn. These restaurants offer contemporary seasonal menus and culinary excellence that match the ambiance.

Options for classic, elegant yet modern dining include Maestro’s at the Van Dam and Wishing Well Restaurant. If you are looking for a little more diversity, Sushi Thai Garden Restaurant is a local favorite. Speaking of favorites, the Mexican Connection on Nelson Avenue is a track goer’s institution.

Guests staying just outside of the city limits have great nearby dining options. Located in Clifton Park are Angelo’s Prime Bar and Grill, Pasta Pane and Wheatfields Bistro & Wine Bar. They are the sister restaurants of Saratoga Springs mainstays. However, not every great restaurant has a city connection. Lake Ridge Restaurant in Round Lake is a long time Capital-Saratoga Region, chef-owned and operated classic.

Is beer your thing? The Parting Glass is Saratoga’s oldest Irish pub. Druther’s is Saratoga’s newest brewpub, owned by award winning brewmaster George dePiro. Another option is the City Tavern. They have over 70 draft beer lines and among the largest selection of craft beers in the country. If food is just as important as the beer, Henry Street Taproom is Saratoga’s newest gastropub. The Merry Monk offers a twist on classic Belgian and pub fare that matches their extensive selection of Belgian and craft brews.

For wine, you can’t beat The Wine Bar, the first by-the-glass wine establishment in the Saratoga-Capital Region. Local Wine Spectator award of excellence winners are Chianti Il Ristorante, Olde Bryan Inn, Longfellows Restaurant, Prime at Saratoga National Golf Club, Sperry’s, Wheatfields Restaurant & Bar, Wishing Well Restaurant, and of course, The Wine Bar.

“Then it dawned on me... why worry about selecting a place where everyone can eat together? With all of the great places Saratoga offers, why should we be limited by a dinner reservation time?”

That Certain Saratoga Style

During the Gilded Age, Broadway's shops catered to the very wealthy women who came to Saratoga for the mineral waters, the city's fine dining and the casinos' gambling and social scene. Then, as now, Saratoga stores were filled with the finest and trendiest jewelry, accessories and fashions. Nothing was too outrageous or too extravagant (e.g., a diamond-studded bicycle purchased by Diamond Jim Brady for Lillian Russell).

The end of the Gilded Age in the 1900s coincided with the end of casino gambling. But it wasn't the end of Saratoga as a destination for the well-to-do. While our spas and mineral baths continued to be a factor, it was thoroughbred racing that pumped new energy into Saratoga.

The Saratoga Race Course was already one of the world's premier venues for thoroughbred racing. The sport was growing exponentially in popularity. The

fans of racing cut across all social and economic classes, but the owners of the horses were almost exclusively from the upper class. These were the people who fashioned *the Saratoga style*.

The Saratoga style is all about creativity. It sprang from creations by designers including Worth, Coco Chanel, Fortuny, Christian Dior, Balenciaga, Oleg

Cassini, and Emilio Pucci. The Saratoga Springs History Museum even has an exhibit of fashions worn by locals and visitors. However, those who could afford such high fashion were a luminous but small minority.

Today, you'll find shops throughout Saratoga – with Broadway the epicenter – with stylish goods at a variety of price points. And regardless of price point, our shops offer a certain style: the Saratoga style.

Whether you are looking for custom fine jewelry or one-of-a-kind glass jewelry, Saratoga has it. Clothing categories available include stylish, upscale boutiques, trendy, Brooklynesque shops, elegant but affordable fashion stores, exotic handmade clothes importers, and even an outdoor retailer offering state-of-the-art technical wear. If being closer to the rich and famous floats your boat, there are consignment shops stocked with barely used unaffordable clothing at affordable prices.

Our specialty shops include fine wines and specialty liquors, original art, antiques, books, equine, candy, peanut butter, salsa & spices, dog treats, Irish imports, spiritual, guitars, and much, much more. And all with that certain Saratoga style.

A Saratoga Sampler

DAY ONE - Welcome to your Saratoga hotel, where Victorian history blends seamlessly with today's comforts. Begin your day with a scrumptious lunch at one of more than 90 area restaurants.

After lunch, your group's step-on guide will lead a historic tour of the city, encompassing the natural spring waters, the "who's who" of the city's founders and socialites, unique architecture of some of more than 1,000 buildings on the National Historic Registry, and the horse racing history and culture that helped shape the city and area.

Enjoy your first night at the Saratoga Casino and Raceway, where you can try your luck at games of chance, enjoy a dinner overlooking premier live harness racing or enjoy a show at Vapor Nightclub.

DAY TWO - After a hearty breakfast at your hotel, hit the road for more touring. Options are endless: a backstretch tour at the Oklahoma track – the training track of the Saratoga Racecourse, a trip through the Adirondacks ending at the Lake George Steamboat Company for a narrated lunch cruise on Lake George, a trip to a local horse farm for a tour of where the horse racing lifecycle begins, or a trip to a retired thoroughbred farm to meet and nuzzle with the old stars of horse racing.

Stop into a Saratoga favorite restaurant for lunch, or grab your boxed lunches and enjoy a guided tour of the Saratoga National Historic Park's Saratoga Battlefield – site of the battle of Saratoga and the turning point of the Revolutionary War.

Top off your touring day with a visit to one of many museums, such as The Saratoga Automobile Museum, The New York State Military Museum, The National Museum of Racing and Hall of Fame or The National Museum of Dance.

Begin your evening at the Saratoga Winery with a tasting of locally made wines and the option to stay for a meal and evening entertainment. Rather head downtown for a night on your own? Take advantage of the plentiful restaurants while browsing locally owned independent galleries, shops and boutiques.

DAY THREE - Enjoy a light breakfast, as your choices today will all be delicious. Your tour will start with a Victorian style tea at the Batcheller Mansion Inn with your period, costumed character guides. Your guides will give a tour of the Inn and instruction on proper Victorian conduct. Continue the Victorian theme with an indulgent mineral bath, an authentic "must-do" Saratoga experience. Depart feeling invigorated but relaxed and ready for your trip home.

Or, how about we hop a train? After breakfast, travel to the Saratoga Springs Train Station to board the Saratoga & North Creek Railroad. Enjoy a ride the picturesque Adirondack Park – whether to enjoy the fall colors or to take the snow train to Gore Mountain – with several stops and attractions on the way. Your motor coach will meet you in North Creek, NY for your trip home.
