The Ultimate Tournament Experience

Welcome to the newest multi-sport facility in Northern Virginia. Morven Park has 20 total acres of athletic fields: 13 acres of cool season bluegrass and 7 acres of Bermuda grass maintained with industry leading sport turf maintenance practices.

Our contiguous field surfaces allow complete flexibility in playing field configuration. Our goal is to provide full-service rentals to minimize our customers' site-prep responsibilities. Services include field lining, parking management, security, and restroom provision/maintenance.

Our unique features:

Location: Morven Park, in Leesburg, VA, is 35 miles from Washington, DC, & 15 miles from Dulles International Airport. Easily accessible from Interstates 95, 81, and 70.

Convenience: Located just off a major roadway, we are easily accessed from a diverse selection of accommodations, including more than 5,000 hotel rooms as well as restaurants for every taste and budget.

Post Game Fun: Morven Park's 1,100 acres contain plenty for families to do in between games, including touring our three museums and Civil War hut site, attending equestrian and other programmed events, or hiking our woodland trails.

Although our facility is young, we have already hosted events sponsored by:

"The fields at Morven Park are superbly manicured and of high quality, access to the park is easy, and it's an open area that allows us to market our brand successfully."

-Tom Torres, Head Scout, DC United Youth Development
